HOW DO I APPLY KROME BODY TATTOOS?

Applying Krome Body is easy! Prep skin by ensuring that it's free of lotions or oils. Place tattoo face down on skin. Apply a moist cloth and thoroughly saturate the back with water for 30 to 60 seconds then slide or peel the paper backing off.

ROSE GOLD IS OUR CLIENT'S CHOICE

FOURTH & HEART is an artisanal food brand based in Los Angeles, CA. set on a mission to modernize ancient pantry food staples starting with a line of grass-fed flavored pure spreadable butters known as "ghee"

ABSOLUT ELYX is the world's first true luxury vodka hand crafted in copper stills resulting in pure vodka with a highly prized silky texture and taste.

Medium Sheet & Small Single Tattoos

ABOUT THE PRODUCT

Krome Body tattoos are temporary metallic body art accessories that last about 3 to 7 days.

We create unique new designs and finishes that accent the skin for any occasion using simple water application.
